

Generations of Hope, Haiti

Dear Friends and Partners,

We are so grateful for your continued support! Thanks to your generous contributions, we have been able to make a significant difference in the lives of our children and hundreds of children in the refugee tents around our facility. Through free health clinics, regular feedings, and prayers and active evangelization campaigns, we have reached out to many. However, we have much more to do, and the fields are ripe for harvest.

After the January 12 earthquake, the challenges have multiplied significantly. On top of the abject poverty, disease (such as cholera and HIV), human trafficking and child abuse have taken a scary rise. As a missionary doctor working in Haiti, I know firsthand that young children are in great danger. Their destiny depends on who reaches them first.

Regards,

Dr. Franco Jean-Louis, M.D.
President
Generations of Hope, Haiti Inc.

Nutri-garden

Children in their school uniforms

Progress is Being Made

Your support and contributions have allowed us to make tremendous progress in fulfilling the vision of Generations of Hope, Haiti.

We have made the required improvements to the facilities to start accepting children.

We have:

- connected to the municipal electrical service;
- installed a well, pump and water storage system;
- completed new bathrooms;
- installed a basic **solar panel system** to help offset the frequent grid outages.

We also took important steps towards self-sufficiency! A **Nutri-garden** has been developed and contains: plantains, sugar cane, beans, spinach, sweet potatoes, corn, eggplant and a variety of fruit trees. A **chicken coop** has been built and **goats** are now being raised on the property. These steps will allow us to keep our feeding expenses low while ensuring our children receive nutritious meals.

Although sponsorships are still required to cover the tuition fees, the children have been enrolled in and are attending **school**.

Make Your Gift Go Further with Corporate Gift Matching!

Many companies have programs through which they will "match" the charitable contributions made by their employees. If your employer does offer this program, your Human Resources department should provide you with a matching gift form to send to GoHaiti along with your donation.

Save the GoHaiti Property

Urgent Need

God had enabled us to initiate the purchase of an ideal piece of property where we have held our everyday operations since the earth quake.

However, in the wake of the tragedy, Non-governmental organizations (NGOs) have been competing for real-estate to establish their operations. The pressure exerted by these well-funded organizations is now jeopardizing our original purchase agreement.

We must act **now** to secure the future of Generations of Hope, Haiti and the future of the children we serve. Our mission is to pay the remaining \$100,000.00 balance owed on the property by **February 15, 2012**.

Missing this target will result in the revision of the terms of the purchase agreement. The likely outcome will be that the sale price of the property will be increased dramatically and we will be subjected to an inflated interest rate.

We Need Your Help!

We realize that these are hard times financially for all; yet we humbly ask you to help us secure this property once and for all. This is essential for our everyday operations as a grassroots Christian ministry dedicated to reach the lost at all cost.

A one-time offering of **\$500, \$1000, or more** designated towards the property will make it possible for us to keep these children in a safe shelter, maintain a place of worship, and continue to provide services such as free health clinics, schooling and regular feedings to the children of the surrounding neighborhoods.

Upon securing the property we will hold a special ceremony to praise **God** and dedicate the property to His work. We will also unveil a commemorative plaque displaying the individuals, families, congregations, and organizations that sponsored this urgent need. This plaque will serve as a great reminder of God's faithfulness and blessings upon Generations of Hope, Haiti.

Thank you for your continued kindness and support. Your gift will ultimately help save the lives of infants and children in Haiti and continue the spread of the Gospel throughout the country.

Please include the lower portion of the form with your donation.

You can make your **tax deductible*** donations payable to: **Generations of Hope, Haiti Inc.** Include the memo "**GoHaiti - Property Purchase**".
