*food, clothing, education, building costs, medical and health needs

*Hear from Dr. Franco, and the latest missionary couple who was helping in Haiti.

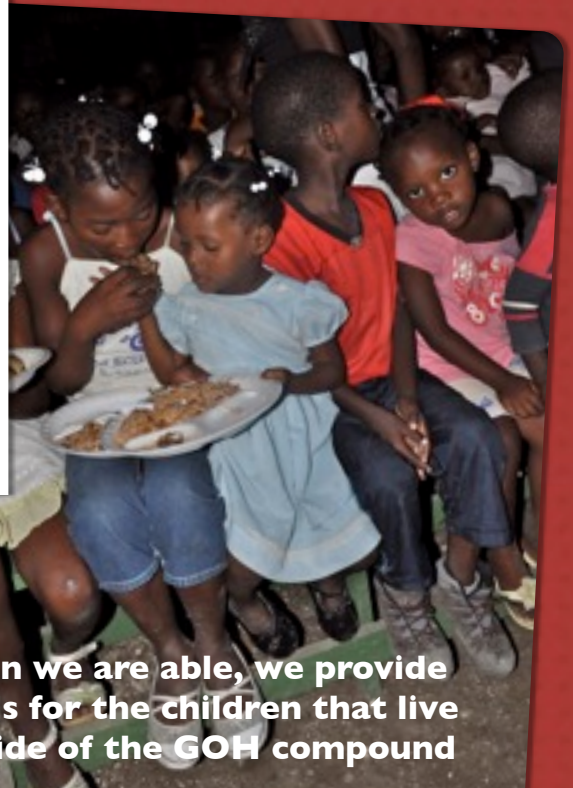

THE CHILDREN OF G.O.H.

Generations of Hope Haiti is made up of the next generation of Haitian kids that were adopted into Canadian families, since 1993. Their hearts desire is to help where they can, in supporting their peers that were left behind, orphans, and young people. Giving them the opportunities to attend school, to eat and have a clean place to live.

Christian Haitian Ministries is the non-profit canadian registered organization that frames and supports G.O.Haiti. it's members consist of several of the next generation Haitian/ Canadian adopted children.

When we are able, we provide meals for the children that live outside of the GOH compound
